## **Venn Grows Health Team with Addition of Key HHS Official *Elizabeth Lee Joins as a Principal***

WASHINGTON, DC – Venn Strategies, LLC, a leading national public affairs and government relations firm, announced today that Elizabeth Lee has joined the firm as a Principal. Lee brings to Venn the benefit of her years of top-level experience in the public health sector, having most recently served as Senior Policy Advisor to the Administrator of the Health Resources and Services Administration (HRSA) and, before that, as a member of the Legislative Affairs team at the Department of Health and Human Services.

Along with the substantive policy and strategic advice she provided to HRSA on a wide range of issues, Lee oversaw the day-to-day activities for the 340B Drug Pricing Program, HIV/AIDS policy, and maternal and child health initiatives. Prior to her time at HRSA, Lee served as top health aide to now - Senator Tammy Baldwin (D-WI) and was a Fellow working on health policy matters in the office of then- Senator Hillary Clinton (D-NY).

“Elizabeth brings the type of in-depth health policy knowledge and political acumen our clients and industry insiders have come to expect from Venn, and we couldn’t be more excited to have her help lead our growing health care practice,” said Venn founder and CEO Stephanie Silverman. “Because her leadership on health care issues is well known in and outside of Washington, DC, we are confident that she will be able to dive into the issues our clients care about and ensure their concerns are heard on the Hill and within the administration.”
